From the Seller Dashboard click Add New Product

This takes you to the *Initial* Setup tab.

Product Type: Change this to "*digital*"

Product Identifier: this differentiates your Spitfire from someone else's Spitfire in the system. So give it a unique name.

Product Categories: Begin typing the category to see the categories. The available categories are *Air*, *Sea*, *Land*.

Tax Category: type Digital.

Minimum Selling Price: This is not really relevant here so set it to 0.

Product Name: Give your product a name and add any YouTube links you may have for flight video or build videos and give a description of your model.

When complete click Save
